Between that and her newfound powers, she's winning the fights but not the popularity contests among most of the other X-Kids. Most...but not all. And just when Jubilee starts to think that there is no place for her anywhere, a group of vampire women make her an offer she can't refuse. It seems like the perfect solution...unless Wolverine has anything to say about it! Scheduled to ship 03/02/11. (161) (DEC108142D) 32pgs, FC (1 of 4) .....SRP: \$2.99

**BATTLESTAR GALACTICA MAP: THE 12 COLONIES OF KOBOL**

From Quantum Mechanix. Intergalactic travelers and stargazers need never be lost in the Cynarrus star system if they have this in their back pocket: the first and only official map of the 12 Colonies of Kobol! It's the most authoritative and complete rendering of the Colonies ever made. This richly detailed illustration from QMx features a wealth of information on each colony — everything from population stats and local attractions to pyramid team names and brief histories. One year in the making, the Map of the 12 Colonies of Kobol was developed in collaboration with Battlestar Galactica Co-Executive Producer (and Executive Producer of Caprica) Jane Espenson, whose signature appears on the map. Dr. Kevin R. Grazier of NASA and the Jet Propulsion Laboratory, who was science adviser on Battlestar Galactica and co-author of The Science of Battlestar Galactica, served as science adviser in the making of this map. Hollywood graphic designer Geoffrey Mandel created the map from scratch, making countless revisions as the technical data underwent painstaking scrutiny. The full-color map measures 26" x 39" and is printed on 100-pound satin-finish paper. Suitable for framing and for hours of enjoyment — especially if you like gazing at heavenly bodies in their relative orbits. At just \$14.95, you can get one Map of the 12 Colonies of Kobol for yourself and one for your favorite Battlestar fan. Map ships rolled and polybagged. Scheduled to ship 02/23/11.
